UK Continental Shelf

Legislation?

It is the responsibility of each organisation operating within the UK Continental Shelf to screen for Drugs & Alcohol

Substance Abuse

The Burden of Cost

Operator A: CRO, with cause. Sniffer dog sent to Platform. Drugs found in locker

Operator B: amphetamine find. Tested all 350 personnel on board. Nurse flown by helicopter without warning – 2003

Operator C: 150 personnel tested following suspected cocaine find. Packages were legal pain medication – 2014

Fact or Fiction?

Anyone have any information about this?

"quality big major drug bust on the Piper wraps of coke found in the stairwell full platform getting the piss test as we speak bristows should be interesting tomorrow."

[If it's true] Who the [redacted] would be that desperate to take gear offshore. Idiot. ❤️
